

# LUPUS SPIEL SEATTLE

Nov-4, 2018

Granite Curling Club of Seattle: 1440 N 128th Street, Seattle, WA

## HELP FIND A CURE FOR LUPUS!

Proceeds go to the Lupus Research Foundation, a 501(c)(3) tax-exempt nonprofit founded by Regan and Todd Birr. Lupus is a devastating, life-threatening disease that Regan has and is in remission from, but she is the exception, not the rule. Lupus affects 1.5 million Americans (more than AIDS and MS combined). We can cure it! **The LRF researcher, Dr. Timothy Niewold, is targeting 8-years-to-a-cure.**

**Lupus Spiel USA** is the largest Professional-Amateur bonspiel that pairs “amateur” curlers of any level of experience: (0-40 years) with Olympians and World-level curlers.
