

# Sponsorship Request

# LUPUS RESEARCH FOUNDATION

On a mission to cure lupus

Formed in 2017

The LRF has raised over \$775,000 towards awareness and funds for research

- Where we've been: no dedicated drugs for lupus
- Where we're going: thanks to advances in genetic research, we have funded research of interferon, leading to a new dedicated drug for lupus which hit the market in 2019. We also fund early-diagnosis tools! A cure is in sight

**About the founder:** Regan Birr has systemic lupus and is in remission. But she is the exception and not the rule. Lupus is a life-threatening disease. That's why she and her husband Todd formed this foundation, they want to cure lupus. Thank you for your support.

**INCLUDES SPONSORSHIP of ALL THESE EVENTS & more:**

- **LUPUS SPIEL USA:** largest Olympic curling Pro-Am on Earth! June 3-5

<b>YEAR- ROUND SPONSOR</b>	
<b>Platinum</b>	<b>\$10,000</b>
